20. Do not remove Fire Extinguishers kept for an emergency use from the relevant places.
21. Work related to loud noises, large smokes or dust- always take necessary actions and safety measures to prevent the pollutions. Following are the maximum exposure level/time and each line by itself represents 100% of the allowable noise dose per 24-hour day. In other words, if you've already experienced 15 minutes at 100 dBA, you're "done for the day," and the remainder of your 24-hour period should have NO exposure above 85 dBA, and preferably should be below 70 dBA. More than 140dBA is prohibited.

Noise level dBA	Maximum Exposure time per 24hrs	Noise level dBA	Maximum Exposure time per 24hrs
85	8 hours	109	112 seconds
88	4 hours	112	56 seconds
91	2 hours	115	28 seconds
94	1 hour	118	14 seconds
97	30 minutes	121	7 seconds
100	15 minutes	124	3 seconds
103	7.5 minutes	127	1 second
106	3.7 minutes	130-140	less than 1 second
